One sentence description:

In a world where golf is illegal, outwit guards, sink contraband golf balls, and cause the greatest prison break of the century!

One paragraph description:

In this game where stealth meets golf, solve puzzles and avoid guards only using your trusty golf ball. Activate alarms and buttons while skillfully navigating through a prison golf course, but when you get spotted by a guard, be prepared to putt for your life. With enough skill, you can even beat the par and unlock new ball costumes to play with. Combining lighthearted fun with stressful escapes, our game promises to provide all our players with a whimsical fun time!
